

Stock PE Sell – Terms & Conditions

1. Direct Order Placement

The algo places orders directly in your demat account using a session key. No bank details are required. Client agrees to maintain minimum Margin money in their account as required for the position

2. Link Procurement

One position can be taken per link, which must be purchased via the website.

3. Trading Modes

Trading practice and learning can be done by the algo using the mode $\text{papertrade} = 0$.

However there is a provision of taking real trades by assigning $\text{paper trade} = 1$. Interest clients can use it in consultation with their financial advisor

4. Strategy Understanding

Using this Algo implies that you agree and understand the strategy as shown in Option Seller 95 Channel's videos ("Recipe") and willing to practice/learn or trade real time

5. Risk Awareness

While historically profitable, the strategy does not guarantee profits. Losses are possible and accepted by the user.

6. Liability Disclaimer

The client uses the algo at their own risk. The creators/channel hold no responsibility for gains or losses. Channel neither has share in the profit nor any liability in the loss

7. Risk Controls

Users can stop the algo anytime to take manual control. Risk can also be managed using the Max Exposure, which can be changed time to time to suit one risk appetite and the inbuilt stoploss mechanism.

8. Link Credit Policy

Unused links in $\text{papertrade} = 0$ mode will be auto-credited for next month.

9. Activity Logging

All client inputs and interactions through keyboard or mouse are logged for audit and performance improvement.
